## Demos re-elect Colson and Seal

There was little in the way of fireworks at Hancock County's Democratic convention Tuesday as those in control pushed through their slate for executive committee and representatives to the district and state conventions.

Afterwards the executive committee reelected Joseph V. Colson chairman and Leo Seal, Jr., secretary.

Charles Russ, III, Homer Gregory, Garfield Ladner, Dan M. Russell, Jr., Johnson Shaw and Colson were elected delegates to the district and state conventions. The local convention voted to send them unopposed but required that each county's two votes as a unit.

The county Democratic executive committee for the next four years, elected by the convention as a whole rather than by each beat, are: Beat 1, Charles Russ, III, H.G. Davis, Jr., and Pete Walker; Beat 2, Elmer Alsbrook, Richard Tarter, and Johnny Whitfield; Beat 3, Paul Heitel, John Ladner and C.J. Cameron; Beat 4, Sam Favre, Jr., Leo Garriga and Omer Haas; and Beat 5, Leo Seal, Jr., Joseph V. Colson and Leonard Ladner.

Credentials of delegates from Dedaux and Fenton precincts were contested. Reporting to the convention for the credentials committee, of which he was chairman, Dan M. Russell, Jr., said at Dedaux the vote was 30 to 29 and that the committee had disallowed one ballot thus creating a tie. The committee ruled that all four nominees for the two delegates posts be seated, each with one-quarter vote.

The committee accepted the credentials of Leo Garriga and Clifford Lazzari from Fenton. There, Russell reported, the vote had been 20 to 18, Garriga and Lazzari receiving 20, but 5 votes were disallowed by the committee. Another problem was that the original list of voters participating at the precinct was lost. Rather than leave the precinct with no delegates the committee, according to Russell's report, accepted the credentials of the apparent winners.

Besides Russell members of this committee were: Charles Russ, III, John Whitfield, Paul Harrel, and Eric Larsen. Only two nominations for executive committee were made.

## Curb canines in Waveland

Stray dogs are again plaguing Waveland, Mayor Garfield Ladner told the Town's aldermen Tuesday night. Alderman Dominick Souler echoed the mayor's complaint and said some of the bigger dogs were a real menace to children.

The discussion led to a decision to strictly enforce the town's ordinance against stray dogs. Under its terms stray dogs will be impounded and kept for three days. During that time the strays can be claimed by their owner. If not claimed the animal is destroyed.

To get the dog released from the pound the owner must show that the dog has been vaccinated for rabies, pay a small fine and pay for the animal's keep while in the pound.

Lowering of five newly installed fire hydrants to correspond with others in Waveland should be completed within a week, Louis Selig, Jr., secretary-treasurer of Magnolia Construction Co., told town council after a compromise between their positions was reached at the meeting.

Council had refused to give final approval to the water distribution work done by Magnolia unless the hydrants were lowered and Selig, speaking for the contractor, insisted that the firm had lived up to its contract. Selig said the taller hydrants were the only ones available without several months delay at the time this additional work on the distribution system was authorized and, in fact, cost his firm \$15 a piece extra.

Selig also contended that there was an implied acceptance of the hydrants when no complaint was made until completion of the over-all job. He pointed out that it would have been a relatively simple job to make a change while the line was dry but that now that the line was in use it was a much bigger undertaking.

The solution finally agreed on was for the town to pay for the fittings necessary for the change at the price called for in the specifications and for the Magnolia to do all the work without charge. The fittings were estimated to cost between \$240 and \$270. While the work

## James firm gets 43 job

T.L. James and Co., Inc., of Ruston, La., was low bidder Tuesday for construction of relocated Rts. 43 and 602 which must be moved to make way for Mississippi Test Operations. The State Highway Commission awarded the contract for \$1,900,056.69 for the job. Work includes 16,623 miles of grading, drainage, culverts, two box bridges, five bridges and 24-foot asphalt surfacing in Hancock and Pearl River Counties between Picayune and the intersection of the new route with Rt. 603 in the area of Kiln Highway. Construction of the Stoner John D. Smith of the Southern District said final awarding of the contract is subject to approval by the U.S. Corps of Engineers.

Hale's, formerly Mel's Bar, has been redecorated and is owned and operated by Mr. and Mrs. Russell E. Hale and their son, Russell, Jr. The Hales, natives of Pennsylvania, have lived in a number of states, own a home on Coleman Avenue and are now permanent residents.

## Supreme Court won't take redistricting case

The U.S. Supreme Court Monday declined to rule on a move to force officials of Hancock County to compel a redistricting for the election of the five-member board of supervisors.

The court dismissed the appeal noting a lack of jurisdiction in the case.

A group of voters appealed after state courts tossed out their complaints. They contended that failure to redistrict Hancock County violated both state and federal constitutions.

## Report on finances

## Logtown school \$\$ must go to replace

Funds from the sale of the old Logtown School to Uncle Sam for Mississippi Test Operations must be used to replace that building and \$43,565 could be available on short notice for other school construction, the county board of education learned Saturday.

Walter J. Phillips, attorney for the board, explored avenues of financing the system's building needs in his report prepared during the last month since defeat of the \$375,000 bond issue proposed to meet these needs.

The \$43,565 figure is from compensation for easements secured for MTO on 16th Section tracts and its use would have to be approved by the board of supervisors. Phillips calculated \$27,245 as the compromise settlement on 317.71 acres in Township 9; \$12,000 as anticipated settlement on about 100 acres in Township 9. For 640 acres each in Townships 8 and 7, SR 15W, the government is offering \$8,200 and \$1,600 respectively but both these are expected to go into court in an effort to get more money.

Indications are that the board will be compensated for Logtown on the basis of replacement value, Phillips reported, as a result of extended negotiations with government officials. To that end he has asked Fred Wagner, architect, to determine the cost of constructing the exact number of square feet in the present building. In the meantime, the board

could withdraw from the court registry about \$110,000 which has been offered.

Phillips also secured an opinion from the attorney general on use of this Logtown money and was advised that it could be used to replace the plant or put into the bond sinking

fund. Previously the school board had agreed on a 3-2 vote to use that money for expansion at Gulfview School but ran into numerous protests.

The attorney also cited borrowing powers under the state law but warned sums would be

As just about everybody in town gleams with perspiration and complains about the heat, we'll try to make you feel a bit better by recalling the temperatures of just about six months ago—Remember the snow, pretty, but in reality just fat, cold drops of rain; broken water pipes, cars marooned in ditches, and the frigid blasts of the wind? We'll admit to being just a bit uncomfortable cooped up with an air conditioner that just isn't conditioning at the moment, but we'll take a few drops of honest sweat (hope my mother doesn't read that—she insists it's such an indelicate word), but that exactly what it is, in preference to being covered with ugly blue goose pimples. Although at the moment we'll admit that the idea of just one honest to goodness chill has a certain amount of appeal. Anyway, anyone who isn't struggling with the elusive gods of inspiration can take a nice cooling swim and forget about the soaring temperature.

We find it a bit hard to get started this week due to the fact that we're so shocked and saddened by the sudden passing of Marguerite (Mrs. Joseph) Kern, who happened to be one of our very favorite people. Main Street will always seem a bit empty minus her presence. . . our deepest sympathy goes to Joe, Janette, little Lisa and some of her closest friends including Mrs. Irma Baker and Miss Veronica Mohr.

We're certain Mrs. Jeanette Carmichael will also be among those feeling the loss most sharply. Also hope Mrs. Carmichael will soon recover from the thyroid disorder which keeps her from walking about as much as she would like to.

### On Father's Day

Apparently Father's Day was enjoyed by all. . . although happy never seems to do as well for those as does dear old mother on her day. Most local daddies received the usual ties, wallets, shirts that are too small or too large and of course gallons of smelly male toiletries were dispensed. A number of local residents also celebrated birthdays on this date. . . so we'll send combined greetings to Mayor John Scaffie, Marcella (Mrs. Charles A.) Bradley, Dutch Manier and Thames Payne.

The Perdicaros, Marian and Sammy and Bernice and Nuncie and their offspring returned home Friday after spending a week vacationing in Georgia, Tennessee, the Carolinas and Pensacola, Fla.

Received a most interesting communication from fellow animal lover (Mrs.) Eleanor Everett who confesses to having long conversations with her canine menagerie. . . she even goes so far as to make a statement with which we heartily concur. "It's much more pleasant to talk to the four legged species of animal than many of the two legged variety. . . She also says she's unable to find the word 'cruel' in the dictionary. . . so we'll have to confess that we can't either. . . it's another of our phonetic words!

Want to welcome a new resident in to the summer Missits league. Shirley Wiltz who hails from Michigan originally should be quite an addition to this group—she carried a 153 average in the last league in which she bowled!

All the mammas say their young daughters are having the times of their lives at St. Clare's Day Camp. They look adorable in the camp shirts and are learning swimming, arts and crafts, dramatics, various sports and enjoying themselves at the same time. There will be a second section for girls up to 13 beginning on July 16.

### A realgone shipwreck

The annual shipwreck party at Bay-Waveland Yacht Club must have been even merrier than usual as a variety of volunteer reporters gave us a slightly vague rundown on the affair. We think Rosemary McFarland wore a yellow flowered "something", Leroy, more or less the usual attire, when they hosted a cocktail party preceding the main event. Nancy and Lucien Gex walked off with first prize for couple costumes as male and female palm trees; Dave Poindexter took individual male honors as a war weary soldier, vintage 1864, and "somebody whose name we may or may not get before press time was women's winner! A few of the more memorable get-ups were worn by merrymaid, Irma Levens, Peemie and David Treutel. . . as he and she Naval officers; Peggy Hepting in a sarong-type towel that miraculously didn't slip; Myrt and Mike Haas in matching bright red shirts; Yvonne Humphreys in a sack, just a burlap sack, but quite fetching; two spectacular "jolly green giants" decked out in magnolia leaves. . . their names may or may not be available; Laurie Poindexter in a long blonde wig, Gerald Gex, the living breathing end in a tee shirt with a large yellow stripe right down the middle of the back. . . accompanied by the always lovely Jill in something flowered and Virginia Miller wearing a blue sarong.

Which brings us into the sequel to this story. . . a number of penitent beachcombers turned out for services at Christ Episcopal Church Sunday and must have thought they were suffering premature Socratic tortures. . . the heating system had been inadvertently turned on and had temperatures soaring even higher than the record breaking outside climate.

Enjoying a shrimp and crab boil embellished with Louise's famous remoulade sauce at Louise and Joe Wymer's Saturday night were Sandra and "Hak" Doyle and children Jeanne, Celeste and Suzanne and the Listers, Jeanne, Fred, Jr., and Larry. And we now have the name of Pat and Gene Watkins' new daughter. . . she's to be called Cheryl Jeanne. . . Pat's mother, Mrs. John Sposato of Philadelphia, Pa., is visiting them at present. Barbara and Sonny Thorning and three little ones are spending a week vacationing with Barbara's parents, Gladys and Slim Jenkins.

### Something for the kiddies

Estelle Depreo has novel ideas for entertaining her numerous small charges. . . Sunday she, Eilus and Dianne took Sandra and Tracey Levens, Herb, Clay, Shelley and Kim Stieffel, Cindy and Bryan Colson, Debbie and Lynn Burrow, Louie Matranga and the little Depreos, Patricia, Earl and Gregory to Sheriff's Junction where they got a real thrill out of a real "shoot-em-down and dance hall complete with can-can girls plus the excitement of feeding real live deer at an adjoining park.

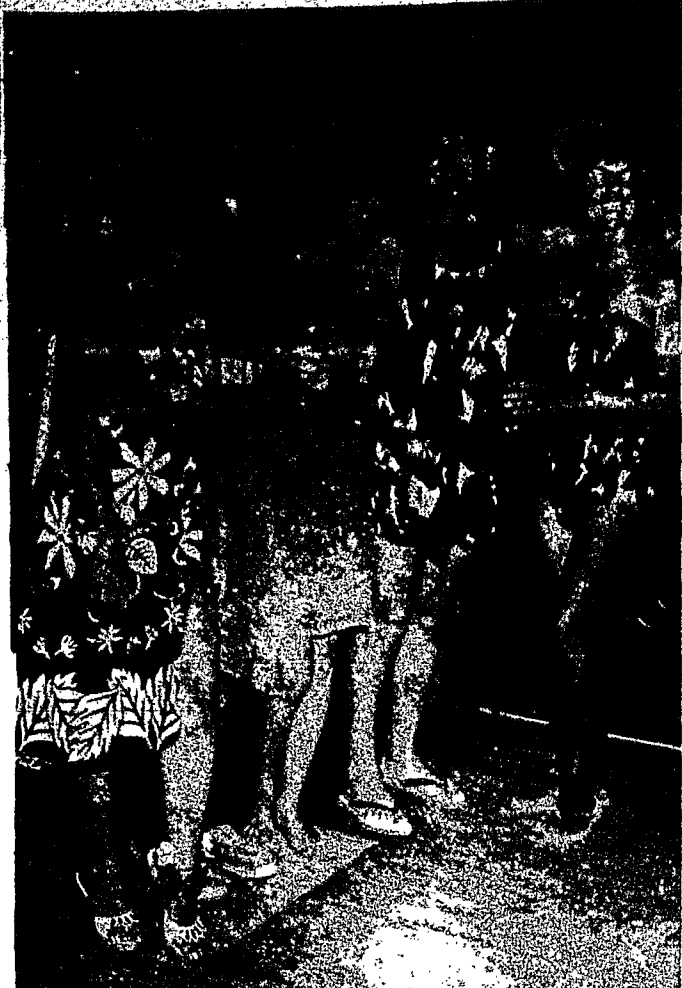

One of our very favorite newcomers, Shannon Roseberry is a patient at Ochmer's. . . she's fighting complications following a box with pneumonia last April.

Dropping in on Joan and Red Glass Saturday was Major General Erton W. Wise, long time friend of Red's. . . he remained for dinner.

Mrs. Henry T. Voglesberg's many friends will be interested to learn that she is now a patient in Gulfview Haven.

June 30 is the date set for the second annual Home Demonstration Club Hobby Fair to be held in the annex of Main Street Methodist Church. Everyone is invited to enter his or her hobby exhibits and it is open to the public and best of all, it's FREE!

and that to our way of thinking, is as good enough reason as any for spending the expected span on this planet.

### Giant turtle

Ory Bourgeois son Louis Elwood and C. B. Lurich landed a turtle estimated to weigh about 40 pounds dressed right in the heart of Waveland. They caught the animal which had a five-inch wide head, was 16 inches wide and 32 inches long, at the large culvert at Terrace Avenue.

New residents, Mr. and Mrs. James Winger have just returned after a trip to Nashville, Tenn., where they attended the Grand Ole Opry. Mrs. Winger is a native of Hattiesburg, he hails from Pennsylvania.

Merle and Bert Stieffel report a wonderful vacation. . . they spent four days in Gatlinburg, Tenn., traveled leisurely through Georgia and North Carolina, stopping in Florida enroute home. The two older children, Herb and Kim, accompanied them.

## LAKE SHORE LOG

BY NINA S. GREEN

HQ 7-5816

Mr. and Mrs. Joe Garcia of Pearlinton celebrated their 40th wedding anniversary Sunday, June 21. The preceding Wednesday the Ladies of The Rosary of St. Joseph's Catholic Church gave the Garcias a surprise party. Guests included Miss Rita Kelly, Mrs. Norvine Kelly and young daughter, Mrs. Robert Duhorn, Mrs. Abbie McArthur, Mrs. Arlie Skala, Mrs. Mark Wilkerson, Mrs. Gus Garcia, Miss Eldredge Yarbrough, all of Pearlinton, and Mrs. Monroe Garcia and Mrs. Lawrence Carco, the Garcias daughter, of Lakeshore.

Get well wishes to John Zengering who is a patient in Hancock General Hospital, also to Mrs. Lily Kranky and Mrs. Edgar Williams who are recovering at home from recent illnesses.

Mrs. Shirley Hudson was given emergency treatment Saturday afternoon at Hancock General, after cutting her foot with a grass cutter. It looked like a scene from Peter Gunn, with the Police car from the Bay leading the way with siren wide open and deputy Oliver Shihque following. Fortunately the cut was not too deep, and quick treatment helped to avoid complications.

Our deepest sympathy is extended to the family of Mrs. Marguerite Kern. Mrs. Kern was always willing to lend a helping hand to any organization or person who needed help. She will be deeply missed by all who were fortunate enough to have known her.

The beautiful Tammie doll donated to the St. Ann's Church fair by Mrs. Lela Saleeby, along with a complete 12 piece trousseau made by Mrs. Saleeby, is proudly owned by my daughter, Sandy. She received it as a 10th birthday gift from her father who won it.

Mrs. Noah Garcia of E. La Croix have successfully moved their lovely home to their land in Lakeshore. Others who will move here soon are Mr. and Mrs. Saul Cuevas and Mr. and Mrs. Leo Ladner.

Sandy Green is in Chalmette, La., visiting her grandparents, on Wednesday, June 17 she was given a surprise birthday party there. Among those enjoying barbecued ribs and chicken, plus cake and ice cream were

No worry about running out of Gas with United!

The one thing you and other gas users want most from a gas supplier is dependability. United Gas offers it. In one day earlier this year, United delivered enough gas to serve the average needs of all its 556,000 residential customers for more than six weeks. No other gas supplier in the Gulf South can surpass United's ability to provide dependable supplies of natural gas to the growing cities and the booming industries of this area.

More birthday congratulations are on the way to Sheila Woods who celebrated her 13th birthday on Father's Day, to Dianne (Nunzi) Carver who cut her cake on Wednesday, 14, to Lisa Monti on Wednesday 14 on Sunday June 14. Karen Williams spent last weekend visiting relatives in Canton.

**2nd warning**

Sympathy goes to Ruth and Jim Redding, Caroline, Sharon and Jimmy—their lovely little dachshund Gus succumbed to leptospirosis last week. So we'll plead once again. If your dog hasn't had the shot, please take care of it immediately. The cases are so numerous as to be of almost epidemic proportions.

**SIGHTS AND SOUNDS ALONG THE WAY**—Bare flesh in shades ranging from oyster white to mahogany brown exposed to the sun on beaches and piers, two very elderly men giving one of their grandsons a joy ride in a very merry sports car, the little black dog with the disposable limp which can be seen around the Bay almost any day and the sound of air conditioners running like mad in just about every house in town.

### In Pony play

## Braves topple Fahey

Bay Braves came from behind in the bottom of the last inning to upset undefeated Fahey 8-7 on a single by Don (Scooter) Lader with the winning run. John Heath, on first, and Sea Coast Echo Scoops downed Youth Center 8-1 Tuesday evening in Pony League play.

The Braves scored two runs in the first when Brave catcher David Comprezza tripled, Mike Meyers doubled scoring Comprezza and Sylvan Lader singled scoring Meyers but was thrown out at second trying to stretch a single into a double. In the fourth Sylvan Lader homered with Anthony Lader and Mike Meyers on, M.J. Rhodes singled, Bert Chevils walked and scored on errors to tie the game 7-7. Then with no one out John Heath walked and Scooter Lader lined a single down the third base line that was too hot to handle and Heath rounded the bags for the winning tally.

Anthony Lader was winning hurler and George and Roger Logan the losers. Fahey picked up one run in the first, none in the second, two in the third and four in the fourth as Leon Favre homered and Roger Logan doubled for top stick honors.

Echo outfielder Eddie Ouborn with a homer in right field and B. Grover with a double captured honors while C's R. Ferguson scored their only run on a single with three throwing errors. Mickey McGill was top VC player with a double.

In Thursday's action, Bay Braves defeated Youth Center 12-1 and Fahey edged the Echo Scoops 10-9.

Ronnie Genin and Bert Chevils lined homers for the Braves while teammates John Heath lined a pair of singles and Anthony Lader one single to capture the batting spotlight. VC's Brian Darrell broke up David Comprezza's no-hitter with a single through the middle in the fourth.

Roger Logan's double, Stan Worrel's triple and Shawn Favre's pair of singles were tops for Fahey while Jimmy Lotacano's homer was high for a losing cause. Roger Logan was winning hurler, allowing nine hits to Terry Lafontaine's seven.

### 2 Bay teams finish second

Two Bay softball teams, Mollere's Realty and CVO, posted second place wins in tournament play Sunday evening in Biloxi and DeLisle.

Mollere's girls playing at St. Michael Field in Biloxi eased by Elektrik Maid 4-3 in the first game, advanced to the semi-finals at McDonald Field and lost to Elektrik Maid 6-5. In the final Elektrik Maid polished off Mollere 10-5. It was a double elimination affair.

In the finals, Mollere's Faye Monti lined a single, JoAnne Colson a double, Millie Usher and Melva Luke singled, and Mary Ellen Allen doubled for three runs in the second. Marie Pierce, Millie Usher, Beverly Shiyou, and Melva Luke lined a three bagger for two runs in the fourth for a losing cause.

At DeLisle, CVO downed St. Anne's of DeLisle 10-4; Long Beach Merchants, 10-9; and in the finals lost to V & M of Pass Christian 15-8.

### Bay sailor third in North American

Basil Kennedy, representing Bay-Waveland Yacht Club, took third place in the Sears races for the North American Jr. championship at Pass Christian last weekend. Judy Reeves placed second in the Adams district elimination at Southern Yacht Club in New Orleans the weekend of June 12-13.
